

Chowan, a familiar craft in Virginia and Carolina waters.

Fred Emory, an engineer of the Luckenbach, who knows the Nanticoke well, to-night authorized the statement that he did not believe the boat was meant to go to Venezuela, but that she would carry ammunition and supplies to larger sea craft. He says this was the idea of seamen whom he recently saw in Boston and New York. The invocation of the Treasury Department and the sending of cutters to North Carolina waters for purposes of interception may cut short the Nanticoke's cruise in its trip. If the mission prove hostile, for the avenue of escape are effectively barricaded.

Close Watch Kept.—Collectors of all ports in the Virginia and North Carolina Atlantic coast districts have been ordered by the government to detain the steamer Nanticoke and the ocean tug Despatch for supposed violation of the neutrality laws.

The Nanticoke, at least, was at Franklin, Va., on the Black Water River, and the Despatch was at Norfolk, Va.

Yesterday the Department of Justice, through its agents, discovered evidence that the vessels were either loading or had loaded, with contraband material destined, it was supposed, for the Venezuelan revolutionists.

This information was communicated to Acting Secretary McHugh, of the Department of Commerce and Labor, with a request that the two vessels be detained by the collector of any port from which they might attempt to clear.

In compliance with this request the instructions to the collectors were issued.

Carrying Coal?—Efforts to ascertain the nature of the evidence upon which the Nanticoke is to be detained failed to meet an official response. The fact that the Mayor of Franklin reports that the vessel is to be loaded only with coal, which cannot be regarded as contraband in any sense, led to the inquiry as to the ground for detention.

In view of the alleged unworthy condition of the ship, it has been suspected that perhaps after all she is being used as a blind, and that while the attention of the government officials is directed toward her, the real shipment of arms to Venezuela, if made at all, will be blowing from the southwest, and if she could get out of the inlet, the small craft could not stand against the wind and sea.

Completely Bottled Up.—BEAUFORT, N. C., June 14.—A telegram was received here, late this afternoon from the Mayor of Franklin, stating that the steamer Nanticoke, which is at Franklin, is loaded with coal and awaiting instructions. The steamer was completely "bottled up" and could only get to sea via Ocracoke Inlet, a gale was blowing from the southwest, and if she could get out of the inlet, the small craft could not stand against the wind and sea.

BAD FORM TO WEAR SAME GOWN TWICE

mons in San Francisco in 1853, when she was fifteen or sixteen years old. The deponent, Sells, related his experiences later on board Mr. Gould's yacht Niagara, and upon other occasions, when he accompanied Mr. and Mrs. Gould in their travels. He said that when the Grand Duke Alexis boarded the Niagara at Newport News every one aboard was offered refreshments.

"All had a drink," asked Mr. Nicholl. "Yes, sir," Sells deposed, explaining that the Grand Duke was offered champagne, but preferred "Oolong tea." William C. McLaughlin, formerly the head of the New York Detective Bureau, whose attempt to aid Howard Gould in procuring a Katharine Clemmons Gould had been mentioned to William C. Woodward, alias "Big" Hawley, resulted in his retirement from the force, was called as a witness. McLaughlin told about sending for "Big" Hawley and meeting him in Mr. Nicholl's office. Hawley told him that Mrs. Gould was a decoy on trans-Atlantic steamers to inveigle men into card games. (This was before her marriage to Mr. Gould). The witness said he asked Hawley if he had married Mrs. Gould and Hawley would neither deny nor affirm it at that time.

As to Gould's Income.—George J. Gould was called to testify in regard to Howard Gould's income. Mr. Nicholl said he would concede that Howard Gould's income was about \$600,000 a year, some years a little less and some years a little more.

Mr. Gould testified that he had caused an investigation to be made in regard to the alleged former marriage of his brother Howard Gould. His father's estate, he said, had never been formally divided among the children, but it was valued approximately at \$800,000. Howard Gould was entitled to one-sixth of the estate under the will of January 1, 1895. Mr. Gould testified, Howard's income was about \$700,000, and had not varied much in years prior or subsequent to that date.

Howard Gould followed his brother on the witness stand. He testified how much of the \$700,000 income in 1906 Mr. Gould spent. The witness said he considered his property outside of the Jay Gould estate worth \$5,000,000 or \$10,000,000. This was independent of his father's estate.

Marriage Licenses.—Marriage licenses were granted yesterday by Deputy Clerk Breeden, of the Hustings Court, to the following couples:

Richard F. Hicks, of Drewryville, and Mary Lee Adams; George Carrington Moseley and Frances Bennett Lewis; and Roy James Dixon, of Newport News, and Mary E. Garrett.

S.S.S. BLOOD HUMORS

Every pore and gland of the skin is employed in the necessary work of preserving its smooth, even texture, softening and cleansing it, and regulating the temperature of our bodies. This is done by an evaporation through each tiny outlet, which goes on continually day and night. When the blood becomes infected with humors and acids a certain percentage of these impurities pass off with the natural evaporation, and their sour, fiery nature irritates and inflames the skin, causing pimples, boils, pustules or some itching rash, or hard, scaly skin affection. S.S.S. cures skin troubles of every kind by neutralizing the acids and removing the humors from the blood. S.S.S. cools the acid-heated circulation, builds it up to its normal strength and thickness, multiplies its nutritious, red corpuscles, and enriches it in every way. Then the skin, instead of being irritated and diseased by the exuding acid matter, is nourished, soothed and softened by this cooling, healthy stream of blood. S.S.S. the greatest of blood purifiers, expels all foreign matter and surely cures Eczema, Acne, Tetter, Rheum, and all other diseases and affections of the skin. It removes pimples, blackheads, and other unsightly blemishes from the skin and assists in restoring a good complexion. Book on Skin Diseases and any medical advice desired free to all who write. LINE UP FOR BIG INCOME TAX FIGHT

(Continued from Page One—Column 3.)

amendment providing for a tax of 3 per cent. on the undistributed net earnings of corporations available for dividend purposes, if an amendment is adopted to submit to the States the question of amending the Constitution so as to give to Congress the right to collect direct taxes on incomes.

Senator Aldrich was at the White House to-day, and was the guest of President Taft at luncheon. They discussed this proposition at great length, and the chairman of the Finance Committee agreed with the President that such a plan would be wise.

It is understood that the President believes the income tax question should not again be submitted to the Supreme Court, but at the same time Congress should have the power to levy taxes on incomes. It is his theory, according to members of the Senate who have talked with him, that the right of Congress to levy such a tax should be determined as soon as possible in order that this method of raising revenues should be accessible in time of war or emergency of any character.

Attitude of President.—That the President is not in favor of direct taxes upon sufficient revenue can be produced without them is asserted by many Senators opposed to the income tax. Harmonizing with the attitude of the President in this regard, the provision for a tax on undistributed net earnings of corporations, if adopted, probably would be limited to a period of two years.

The idea back of the provision for a short term tax is that sufficient revenues would be produced in two years to wipe out the deficit in the Treasury and put the government finances on a firm footing. It is argued that the law could be extended by act of Congress if necessary.

Every effort will be made by Senators Borah, Cummins and Bailey and their followers among progressive Republicans and Democratic Senators to get a direct vote in the Senate next Friday on the income tax amendment.

A conference on that subject to-day was attended by Messrs. Cummins, Borah, L. Follett, Bailey and Clay. They sought to meet the changing sentiment in the Senate by deciding to amend the Bailey-Cummins amendment to provide for a tax on the undistributed net earnings of corporations and excluding from taxation dividends and corporations which are paid to individuals. This is simply another form of providing against double taxation in an income tax law.

It is responsible at the present time to forecast the outcome of the vote, or several votes, that may be taken next Friday.

COLORED SCHOOLS CLOSE

Thirty-One Graduates Receive Diplomas. Commencement Exercises. Thirty-one graduates of the Colored High and Normal School received diplomas at the graduating exercises held in the First Baptist Church, colored, last night. Mayor Richmond delivered an address on "Thinking," and Chairman Hutzler, of the School Board, announced that the pupils in the various schools had raised a purse which will be presented to Superintendent Fox as a testimonial of esteem.

Members of the School Board attended the exercises, which consisted of music, recitation and songs. The session in the colored schools was pronounced a successful one, and was marked by improvement in scholarship and attendance. Assistant Superintendent Hill acted for Mr. Fox, who was too ill to be present.

Arrested for Burglary.—Carrie Spencer, colored, was arrested in the First Police District last night on a charge of burglary. Fannie Williams claims that Carrie came to her home and moved a large portion of her worldly goods to other quarters. The crime is alleged to have been committed in the daytime.

Deaths.—Mrs. Mary M. Smith, widow of Andrew Jackson Smith, died yesterday at her home in Matocca, aged eighty-three years. She is survived by three daughters and two sons, all residents of Matocca: Mrs. Bettie McCamp, Mrs. R. J. Beasley, Miss Sarah M. E. T. and D. B. Smith.

Frederick W. Whitehead, an aged and respected citizen, died this morning in the Petersburg Hospital. He is survived by his wife and five children.

Fell on Way to Church.—Mrs. Reuben J. Childress, residing on Jefferson Street, while getting off a car to attend services at St. John's Episcopal Church on Washington Street, yesterday morning, accidentally fell and fractured one of the bones of her left wrist.

William A. Worth, Jr., is confined to his bed with fever. Investigation as to the cause of the recent death of Mrs. Parmella Williams, supposed to have been poisoned, has progressed so far that rumor says an arrest may be expected. It is now reported that Mrs. Williams' death was caused by eating bread made of meal that had been poisoned.

During the past week a handsome granite monument, erected to commemorate the brilliant charge of General Hagood's Brigade of South Carolinians on the Federal earthworks around Fort Wadsworth, near the Petersburg and Weldon Railroad, two and a half miles south of Petersburg, was placed in position.

The fort and earthworks were occupied by Warren's Corps of the Army of the Potomac. The charge was made on Sunday, August 21, 1864. The monument is of Dinwiddie granite, was made by Charles M. Walsh, of this city; stands nine and a half feet high and rests on a base five feet square.

It was erected by Colonel William V. Izlan, of Orangeburg, S. C., with the assistance of other citizens of that State. Colonel Izlan was an officer of the Twenty-fifth Regiment of the brigade. He subsequently served on the staff of one of the Governors of South Carolina. The land on which the monument stands was given by Mrs. Lottie Hooley Sheffield, a Northern woman, and the monument and land were conveyed in formal deed by Colonel Izlan to Governor Swanson and his successors in office as a sacred trust.

Sunday-School Meeting.—The monthly meeting of the Baptist Sunday-School Association of Petersburg and vicinity was held in the Second Baptist Church in this city on Sunday afternoon, and encouraging reports of the condition of the various schools were read. Forty-eight new scholars were reported as having been entered during the month. The average register of the schools was reported as follows: First Church, 322; Second Church, 335; West End, 359; Ettrick, 152; Matocca, 103; Grove Avenue, 90; Woodlawn, 50.

Petersburg's New Schools.—The School Board has selected sites for two large new public school buildings, to be erected under the provisions of the ordinance recently passed by the Councils, appropriating \$80,000 for school purposes. These buildings of handsome design and all modern conveniences will each contain twelve large rooms. They will accommodate 600 pupils each. One of the buildings will be located on the residential property occupied by the Rev. J. M. Picher, D. D., of Washington Street, which offers a very desirable site; the other will be on West Street, in the western section of the city, and convenient to a large and growing portion of the town. Children living west of Sycamore and east of Dunlop Street will attend the Washington Street School; those living west of Dunlop Street will attend the West Street School.

The Anderson School Building will be temporarily used as a High School, and will be put in proper repair for that purpose. The present High School Building on Union Street will be used as a graded school.

Personal and Otherwise.—At a congregational meeting of the Second Presbyterian Church on Sunday, after the morning service, five additional deacons were elected, as follows: S. J. Allen, Job F. Ridenour, J. N. Harrison, E. E. Ridenour and Thomas J. Holden.

The women of Petersburg are invited to meet in the First Baptist Church on Friday afternoon for the purpose of organizing a branch of the Women's Christian Association of the United States. Mrs. Johnson will speak and superintend the organization.

A negro youth named Stewart, son of Anthony Stewart, on Commerce Street, fell from an electric car on Washington Street last night and was severely injured. It is thought his skull was fractured. He was taken to the hospital.

The Hustings Court will begin its June term on Thursday, but jurors and witnesses will not be needed until Friday. There are a half dozen or more cases on the Commonweal's docket, including murder, bigamy, cocaine dealing and other crimes.

Elks will begin to arrive in the city to-morrow from the various lodges at the State Association of the order and participate in the great reunion. About 500 Elks are expected. Mr. and Mrs. Charles E. Plummer are at the University of Virginia, chaperoning a party of young folks from Petersburg.

Deaths.—Mrs. Mary M. Smith, widow of Andrew Jackson Smith, died yesterday at her home in Matocca, aged eighty-three years. She is survived by three daughters and two sons, all residents of Matocca: Mrs. Bettie McCamp, Mrs. R. J. Beasley, Miss Sarah M. E. T. and D. B. Smith.

time. He therefore advised that when the matter should come up again, the capacity of the plant be doubled. Several at the time were attempting to argue this when, after nearly a minute of ceaseless rapping by Chairman Spence, it became quiet enough to take the vote.

How the Vote Stood.—There was a large crowd in the Council chamber, interest in the vote being intense.

The vote on the question of sustaining the Mayor was as follows: Ayes—Barber, Batkins, Bulley, Burke, Davis, Don Leavy, Ferguson, Gentry, Hobson, Huber, Mills, Pollard, Pollock, John T. Powers, Hatfield, Reade, Richardson, Rogers, Selph, Spence and Whitacre—21.

Noes—Burford, Fuller, Garber, Green, Hirschberg, Lynch, Mitchell, Tucker, Umlauf and Wise—10.

Absent—Cuthlins, L. C. Powers, Richards and Peters.—On recommendation of the Street Committee, the Richmond and Henrico Railway was allowed the extension of time asked for the completion of its road. The original ordinance was amended by the City Attorney proves that claims for damage from abutting property owners should constitute a prior lien on the property and equipment of the road. The Seaboard Air Line was allowed the use of tracks on Franklin Street between Fourteenth and Fifteenth, while working on its underground tracks at Broad Street. The tracks are to be occupied only between the hours of 4 and 6 o'clock P. M.

MR. STRAUS ELECTED

Succeeds Dr. Karl S. Blackwell as City Bacteriologist.

Aubrey H. Straus was elected City Bacteriologist at a meeting of the Board of Health last night to succeed Dr. Karl S. Blackwell, who resigned to go to Vienna, where he will take special work. Dr. Blackwell had held the office for the last two years.

Mr. Straus is a graduate of Richmond College. Since receiving his diploma there he has spent several years at the Massachusetts Institute of Technology, where he took courses in bacteriology and sanitary science, besides putting in much time in the Boston Board of Health laboratory. He is highly recommended by the faculty of the institution, and will enter upon his duties at once.

Here to Visit Parents.—S. Y. Holdcroft, Jr., of Fort Worth, Texas, is visiting his parents at 2110 East End Street. He has been South for four years, and this is the second visit home. He will spend several weeks in Richmond.

Going Home.—Adieu, sweet friends, I have waited long

To feel the message that calls me home,

And now it comes like a low, sweet song

Of welcome over the river's foam,

And my heart shall ache and my feet shall roam

No more—no more! I am going home.

I am going home; o'er the river's tide,

Cry, cry white in the noonday sun,

I see the friends on the other side

Who the beautiful pearls gates have won;

And far and sweet from the shining dome

They call me still—Come home, come home!

Do not weep for me, friends, but lay

Peacefully over my silent breast

The hands whose labor is done, and say:

"She hath entered in at the gates of rest."

And God is merciful—God knows best.
